## Coffee Chat: Measuring Student Growth

**Wednesday,  
October 18, 2017**

Professional Development  
and Education Center,  
(PDEC) at 5800 Colleyville Blvd.

**8:30 a.m. Coffee & Networking**  
SAGE provides coffee

**9:00 a.m. Presentation  
then Q&A with Shannon Tovar**  
Email questions in advance  
to [loganjohna@yahoo.com](mailto:loganjohna@yahoo.com).

Please watch your email and follow  
[@GCSAGE](#) on Facebook and Twitter for updates.

**How does assessment data help ensure  
that your gifted student achieves  
proper learning growth each year?**

Start your morning with SAGE on Wednesday, October 18 at our first Coffee Chat of the year. We'll provide coffee — and you'll hear from Shannon Tovar, Director of Continuous Improvement and Accountability for GCISD, about the different ways students are evaluated for learning growth, including PSAT for students in 8th and above, iStation in elementary grades, and the state's accountability ranking of schools.

If you have questions you would like to submit in advance, please email them to SAGE by Friday, October 13, via [loganjohna@yahoo.com](mailto:loganjohna@yahoo.com).

Admission is free for SAGE members' families and \$5 at the door for non-members. Join SAGE or renew your annual SAGE membership online now at <http://gc-sage.org/join/>
